

URBAN CONCRETE - VERSAILLE ARABESQUE

URBAN CONCRETE

Enjoy the organic subtleties of concrete with this precast ready to install tile. Urban Concrete is designed and manufactured to bring a natural feel with modern simplicity and classic, timeless beauty to any area. To achieve this, the tiles have natural variation and random shading in every piece and box; these are characteristics of concrete tiles made with cement. The varying shades, color, pattern and slight size differences enhance and further promote the natural look and feel of the concrete tiles installed to any area. Urban Concrete stimulates versatility by offering unique 2D shapes and 3D sculptural designs.
