Amuri

porcelain stoneware

The inspiration material is hand-made terracotta, with very clearly defined edges and a slightly mottled surface. These distinctive features of traditional ceramics are interpreted with state-of-the-art production technologies to create a versatile series with a decorative spirit, a homage to Sicily and the know-how of its skilled craftsmen. The color assortment, which includes earthy shades – Cotto and Biscotto – and more neutral tones – Avorio and Grigio – presented on a natural surface for the terracotta effect, also embraces the Pizzo and Zucchero decors and the Gelosia3D structure. The Bianco Glossy finish is ideal for combination with the carpet-style Maiolica decor (recently used a similar pattern in the Louis Vuitton new hotel restaurant in Saint Tropez (France)), available in four graphic variants inspired by traditional majolica. The two traditional square sizes are joined by the new 2”X12” brick tile with slightly crooked edges that emphasise the product’s roots in hand-crafted pottery and enable more contemporary floor and wall installations.
