## PIGMENTO10

Pigmento10 is a new porcelain stoneware collection inspired by the Pigmento 6x37cm collection, restyled in a 10x10cm format.

It is a series dedicated to colour as both a tool and a front-line player in design. Its colour palette consists of 11 different shades that range from more neutral and versatile tones such as beige, mud, white, grey and black, to vibrant combinations like ochre, earth, green, light blue, blue and mauve.

What makes this collection particularly unique is its tone variations. As the delicate changes in shade on these matt surfaces and the richness of their nuances generate highly sophisticated colour effects.

Thanks to its small format, Pigmento10 allows you to decorate walls, floors and even furniture easily and stylishly and create coordinated, elegant environments.

Pigmento10 è la nuova collezione in gres porcellanato che prende spunto dalla collezione Pigmento 6x37cm ma riproposta nel formato 10x10cm.

Una serie dedicata al colore che diventa strumento e protagonista progettuale. La palette è composta da 11 tinte che si muovono tra colori più neutri e versatili come beige, fango, bianco, grigio e nero, e accostamenti più vivaci come ocra, terra, verde, azzurro, blu e malva.

La peculiarità stilistica di questa collezione è la stonalizzazione: il delicato andamento della sfumatura sulla superficie opaca e la ricchezza delle nuances generano effetti cromatici sofisticati.

Pigmento10 grazie al piccolo formato permette di rivestire facilmente e con stile elementi d'arredo, rivestimenti e pavimenti: il risultato è un ambiente coordinato ed elegante.

## PIGMENTO10

Pigmento10 est la nouvelle collection en grès cérame qui s'inspire de la collection Pigmento 6x37cm mais proposée en format 10x10cm.

Une série dédiée à la couleur qui devient un outil de conception et un protagoniste.

La palette est composée de 11 nuances qui oscillent entre des couleurs plus neutres et polyvalentes comme le beige, le gris taupe, le blanc, le gris et le noir, et des combinaisons plus vives comme l'ocre, le terre, le vert, le bleu clair, le bleu et le mauve.

La particularité stylistique de cette collection est la variation des nuances: la délicate progression de la teinte sur la surface mate et la richesse des nuances génèrent des effets chromatiques sophistiqués.

Pigmento10, grâce à son petit format, permet de recouvrir facilement et avec style des éléments d'ameublement, des revêtements et des sols: le résultat est un environnement coordonné et élégant.
