---

ARTO is known for making rustically elegant, handcrafted ceramic and concrete tiles, bricks, and pavers in California. In addition, ARTO thoughtfully collaborates on product collections designed by trusted makers from around the world.

## M3LD COLLECTION

M3LD (pronounced "Meld") is an interior and product design group based in Salt Lake City specializing in Brutalist-inspired residential and commercial spaces. The M3LD team partnered with ARTO to handcraft their ceramic and concrete tile designs that can be hung alone or as a set, randomized, or in a pattern. The M3LD ceramic tiles are glazed in matte gray, then patterns are hand silk-screened with gloss black for a unique contrast. The M3LD concrete tiles are cast to provide relief patterns ranging from 1/2" to 1" in depth that give a bold dimension to the product. The M3LD Collection by ARTO includes five 20" square designs shown below.
