ENG / Wallpaper as an act of expression, the synthesis between abstract and substance as a linguistic tool.

Styl'editions wallcoverings manage to blend the tactile depth of handicraft with a visionary graphic style. This intentionally imperfect fusion creates collections of great emotional impact, capable of generating desired sensations into an environment.

The versatility of the material and the achieved production dynamism make countless furnishing solutions possible, providing the client with endless possibilities and boundless freedom.

Empirical research methods combined with cutting-edge technologies, high craftsmanship and artistic sensibility are the ingredients for proposals which offer innovative collections for creative minds and end users seeking unique expressions for living spaces, offices and hospitality fields.

Styl'editions offers a tailored design and a production without constraints for unique projects, franchises, accommodation facilities.

Styl'editions is a new brand proposed by **Stylgraph**, a leading Company and reliable partner of the most important flooring and upholstery companies in the world, designing surfaces with over 30 years of experience.

The synergy between **Stylgraph**'s long-standing experience in surface design and the creative management of **Gumdesign** offers an in-motion catalogue, based on insight and research of raw materials, color and graphic.

The catalogue contains collections created by our **R&D department**, processed by our **Styl'editions** offices.

Styl'editions offers eco-friendly wallpapers, inks and printing methods, able to guarantee functionality, hygiene and at the same time great handling practicality, satisfying the most demanding clients and professionals.
