# STICKS

**W**e started with a blank porcelain panel and then developed a selection of artistic renderings that comprise the Bespoke collection. These are all produced on 5mm porcelain ceramic panels @ 39" wide x 118" long. In this version we go vertical with three bands evolving into three color segues and the sticks overlap and in turn invade the next color. Spread across the three panels this bold narrative takes on a free form style that is at the same time both stunning and dramatic.
