

# TRI-FULL

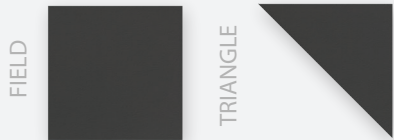

## ULTRA WHITE

## CREMA LUNA

## JET BLACK

## TRU BLU

We keep it simple with three colors in 8x8 and three matching triangles, which, in combination, offer an unending array of design options. Now with a dazzling, new Tru Blu triangle available! The tiles are through-body porcelain and designed for wall and floor applications, even in the most demanding environments. Jazz it up with a funky grout if that's your groove. The collection passes DCOF requirements, so we invite you to unleash your creative side and have some fun, but remember, it's not a mere "trifle"!
